Your community is more than a place to live. It’s your home. A strong community is built by people who believe in helping their neighbours. People like you. Thank you for supporting great care right here in your community at St. Joseph’s Health Centre. Whether you give, sponsor, come to an event or tell others about St. Joe’s, you are making a difference.

Look inside to see for yourself. Your impact in 2014-2015 was outstanding.
THANK YOU

Thank you. Two words we hear a lot from our donors – people like you who have made a gift because of the wonderful care you or a loved one has received at St. Joe’s. Our caring and knowledgeable doctors and staff are always here for you when you need it most.

This Impact Report shows how your support is making a difference so that our neighbours can always rely on St. Joe’s for care.

It’s amazing to see so many people come together to support our west-end community, and what it can do. With your help, you will soon see enhanced facilities for children, and other renovation projects underway. Our doctors and staff have new equipment and technology to care for patients, and with your support, we’re finding ways to make your time here more comfortable.

Thank you again for supporting great care in your community.

Together, we’re building St. Joe’s for the future.

Maria Dyck
President & CEO, St. Joseph’s Health Centre Foundation

ON BOARD

St. Joseph’s Health Centre Foundation welcomes Larry Chapman as our new Chair of the Board of Directors, and Roman Dubczak as Vice-Chair.

Marilynne Day-Linton completed her term as Chair in November. “Marilynne has an incredible passion and tireless commitment for St. Joe’s. We’re so pleased that she will continue volunteering on the Board,” says Maria Dyck, Foundation President. “Larry and Roman are strong leaders and have the expertise and drive to guide our Board in a way that will best position St. Joe’s for the future.”

Larry has served on the Foundation’s Board since 2009 in leadership roles, including Treasurer and Vice-Chair; he is also the Co-Chair of the Cycle 4 St. Joe’s Committee. Larry is the Executive Director and the Chief Executive Officer of the Canadian Tax Foundation. Roman is Managing Director and Head, Equity Markets, Wholesale Banking with CIBC World Markets.

Larry Chapman
Chair, Board of Directors
St. Joseph’s Health Centre Foundation

Roman Dubczak
Vice-Chair, Board of Directors
St. Joseph’s Health Centre Foundation

THANK YOU!

THIS IS WHERE YOUR GIFT MADE A DIFFERENCE THIS PAST YEAR

We had our most successful fundraising year ever, raising over $17.3 million to support improvements at St. Joe’s.

More than $2 million was put to work this past year to fund renovations, equipment and much more at St. Joe’s – more than double over last year. This upward trend will continue as more of our neighbours choose to support St. Joseph’s Health Centre. Donations from our supporters fund the most critical needs at the Health Centre on an ongoing basis, as needs are identified and renovation projects get underway.

Our fundraising has focused on the Health Centre’s priority needs.

BUILDING AND REDESIGNING SPACES FOR FASTER, BETTER CARE

With the help of our neighbours, community partners and friends, St. Joe’s has transferred more than $2 million to the Health Centre to fund priority needs, including enhancing our existing facilities to make care at our Health Centre even better. Here’s a look at a few projects now underway.

CREATING THE BEST PLACE TO CARE FOR CHILDREN IN OUR COMMUNITY

Coming to the children’s floor at St. Joe’s will soon be quite different. You will come into a space that no longer feels like a hospital, but an extension of our community – with walls that remind you of the neighbourhood, and hallways that seem more like local streets. But most importantly, it will be enhanced so our paediatricians can see more children, faster.

Thanks to donors like you, the Just for Kids Clinic will have four private examination rooms instead of two. Registration will be easier. And you and your children will feel at ease knowing that you are in the best place to care for our kids in the community. Construction will soon be underway and the enhanced new space is expected to be ready this year.

BRIGHT, CHILD-FRIENDLY WAITING AREA

- Redesigned with a child-friendly theme
- Expansion of clinic rooms from two to four, with easier accessibility from waiting area
- Purpose-built recovery area for medical and surgery day patients
- Reception desk relocation to allow for more natural light
- Child-friendly activity areas and interactive screen
- Private waiting area for the Child, Adolescent and Family Mental Health Unit

Thanks to your help, this space will become a welcoming and comfortable place for the families we care for by creating a child-friendly space that brings in familiar elements of our unique west-end community.

ST. JOSEPH’S HEALTH CENTRE FOUNDATION DONOR REPORT 2015

A BIG THANK YOU

to everyone who supported this project – whether you made a donation, or came to an event like the Ladies’ Lunch or the Summer Solstice. You did it!

Thank you to the following donors who made a gift of $50,000 or more to help make this transformation possible.

- The Selke Family
- Front Street Capital Charitable Foundation’s Summer Solstice
- R.P. Bratty Family Foundation
- Tamara Bratty and Julia Bratty’s Ladies’ Lunch
- Sprott Foundation
- Dr. Shona Masse and The Children’s Dental Centre

Special thanks to the R.P. Bratty Family Foundation, Tamara Bratty and Julia Bratty for hosting a Ladies’ Lunch in the spring and Front Street Capital Charitable Foundation and the Selke family for presenting the Summer Solstice – both to raise critical funds for the children’s floor.
THE NEW BACHIR YEREX FAMILY DIALYSIS CENTRE

The first step in expanding renal care for our west-end community

Thanks to the leadership of Salah Bachir, and the wonderful support of our staff and physicians, patients and their families, we’ve surpassed the original fundraising goal of $1 million to build a new dialysis centre at St. Joe’s.

To date, more than $1.7 million has been raised, including the proceeds from The Salah Bachir Show, a gala event held in February that brought out more than 400 people for a spectacular night of entertainment.

The additional funds raised will be used to fund much-needed equipment for renal care, including a new generator for the St. Joe’s Community Renal Centre on Islington Avenue. The Foundation aims to raise up to $2 million to make a real difference for the growing number of our neighbours who need renal care in Toronto’s west-end community.

NEW LOUNGE & DINING AREA FOR THOSE WITH MENTAL ILLNESS

Last spring, friends and neighbours joined us for the Second Running of the St. Joe’s Plate, a night at the races that raised more than $62,000. Proceeds from this event, along with donations from people like you, are creating a comfortable lounge and dining area for those in our care for a mental health condition.

This dedicated, safe space will feel like an extension of home and will be named in memory of Lauren Whelan, who took her own life in January 2014 at the age of 19. She struggled with depression and it was her way of ending her pain.

The renderings for the new space are complete. The architects are now working on a detailed plan and the final drawings before the construction will begin.

Other lounge and waiting areas will be redesigned to make spaces for patients and their families more comfortable. Fundraising is also underway to redevelop the Mental Health Emergency Services Unit in the Emergency Department to make it a more private and calming space for people who need immediate care and support.

For more information on this project, call 416-530-6704 or go to foundation.stjoe.on.ca.
ENSURING OUR DOCTORS AND STAFF HAVE THE LATEST EQUIPMENT AND TECHNOLOGY

There are three factors in having the best care – you need the most knowledgeable and caring doctors and staff, you need great space, and you need innovative equipment and technology. Here are just a few examples of how you are making this possible:

NEW VITAL SIGNS Monitors

Patients at St. Joe’s who are in critical condition are under careful watch by our staff. They also have their vital signs such as heart rate, blood pressure and oxygen levels continually tracked by a monitor. On critical care floors, vital signs monitors are necessities, but shared among two nursing stations and isolation units. With your support, five new vital monitors will make it easier for our health care teams to keep a close watch over patients.

ULTRASOUND MAKES DIAGNOSIS EASIER

Ultrasound technology is evolving quickly. Today the difference in the visual detail between the old and newer technology is incredible, making it easier to make a diagnosis that can be life-saving. A new ultrasound will give our teams the best technology to get answers for patients.

NEW FETAL MONITORS TO WATCH OVER MOM AND BABY

Last year, more than 3,200 babies were born at St. Joe’s. An important part of caring for mom and baby is continually monitoring before and during labour. Thanks to your support, new fetal monitors are now in use in each room at our Family Birthing Centre.

YOU HAVE HELPED MEET THE FOLLOWING EQUIPMENT AND TECHNOLOGY NEEDS THIS PAST YEAR:

- Vital signs monitors
- Ultrasound machine
- Mobility devices
- Fetal monitors
- ECG simulator and carts
- Critical Care ventilator
- Portable X-ray unit
- Bladder scanner
- Anaesthesia gas machine
- Bariatric lift
- Image-guided system for operating room
- Ventilator tester

... and much more!

TEACHING TOMORROW’S GENERATION OF HEALTH PROFESSIONALS

St. Joseph’s Health Centre partners with educational institutions to make sure that our community health centre is among the finest for teaching and learning. This is why St. Joe’s can attract the finest medical leaders to deliver expert care – it’s our commitment to education.

Here’s two ways you’re helping keep our people at the top of their fields.

1. A Centralized Education fund allows staff to attend learning events, workshops, conferences and seminars.

2. An Education Assistant Grant provides staff with financial support to further their career development through graduate or diploma programs and technical training.

"ST. JOE’S HAS ME WALKING AGAIN... THANK YOU!"

Sandra is ready to get back to living after recovering from an unexpected illness that affected her ability to walk. And thanks to the generosity of donors through the Physiotherapy Mobility Fund, it will be much easier. Sandra is going home with a rollator walker, which wouldn’t have been possible through her own resources.

“I am so thankful to everyone for their help. The doctors and staff are so caring - from everyone in Medicine, Spiritual Care, Social Work, Physiotherapy, to all of the porters and nutrition staff and Dr. Gutman. Thank you.”

More than $5,000 was raised last year to support the Physiotherapy Mobility Fund and help people like Sandra. To learn more, visit foundation.stjoe.on.ca.
The following people have made a cumulative contribution of $500 or more between January 1, 2014 and December 31, 2014. Your support helps St. Joe’s build modern facilities, purchase new equipment and train tomorrow’s health care professionals.

St. Joe’s has been a special part of Janet’s family for three generations. “I was born here, my three kids were born here, and when I was diagnosed with lymphoma, the doctors and nurses saved my life. It’s like St. Joe’s is always watching out for me.”

― Janet England
Paul got life-changing news 25 years ago. He was diagnosed with polycystic kidney disease and it felt like he was "gradually wilting away." He says Dr. Joanna Sasal came to his rescue. "She put me on the right path and has cared for me ever since. Thanks to her, I was healthy enough to have a successful kidney transplant that has restored my life." – Paul Christiani
You want the best care for your family, friends and neighbours. This includes making sure great care is here in our community. A legacy or planned gift is one way of making this possible – ensuring your legacy is remembered in your community forever.

When you leave a legacy gift, you will become part of our St. Joseph’s Society – a group of special people who are supporting care in our community for generations to come. Thank you to the following members of our St. Joseph’s Society.

THERE ARE THREE WAYS YOU CAN LEAVE A LEGACY.

> Make a bequest in your will
> Give appreciated securities
> Donate life insurance, RRSPs and RRIFs

To find out more about how you can leave a legacy gift, please contact Julie Cookson at 416-530-6390 or cooksj@stjoe.on.ca.

IN TRIBUTE

We received donations to remember or honour the following special people from January 1, 2014 to December 31, 2014. Call us at 416-530-6704 or visit foundation.stjoe.on.ca to make a meaningful gift in memory or to say thank you to someone special to you.

Olga says St. Joe’s is her hospital. “The doctors, nurses and staff took care of my parents, and the Nephrology team saved my life. Now this same team is looking after my husband. They are kind and always know what to do. I am so grateful to have St. Joe’s in my community.”

– Olga Shuper

THE HEART OF ST. JOE’S...

OUR PEOPLE

MY ST. JOE’S CIRCLE

Every member of our St. Joe’s team listed here – whether a doctor, nurse, other allied health professional, staff, volunteer or student – was recognized for their knowledge, compassion and going that extra mile for our patients. These people made such a difference in someone’s life that a gift was made in their honour in 2014. You can say thank you to someone at St. Joe’s too.

JOIN ME AND SAY THANK YOU

My husband and I made a gift to thank the Nephrology team through the My St. Joe’s Circle.

Has someone at St. Joe’s helped you? Say thank you by making a donation at foundation.stjoe.on.ca or call 416-530-6704.
"I've been coming here for over 10 years to see my family doctor. She's always on top of things and so caring. I decided to start making monthly donations to St. Joe's because I want to help others who rely on St. Joe's... and make it the very best it can be! I figure if a lot of other people do the same, together we can make a real difference. And giving makes me feel good – I know it's the right thing to do."

– Monthly donor Maria Senra

A member of the St. Joe's family for over 14 years
NEIGHBOURS HELPING NEIGHBOURS

There are many ways to support St. Joe’s. Like you, many people make a donation. Others come to an event or even host their own to support great care in our community at St. Joe’s. We call it neighbours helping neighbours.

THANKS TO OUR EVENT SPONSORS

Many of our friends and neighbours supported St. Joe’s in 2014 by coming to one of our events. And thanks to the following event sponsors, more than $715,000 gross was raised in sponsorships alone from our signature events: the Fall Classic, Cycle 4 St. Joe’s, Toronto West Halloween Fest and our Share your Light Festival. Thank you also to the many sponsors who gave donations of product or service.

FALL CLASSIC

Lead Sponsor: Pfaff Automotive Partners
Dinner Sponsor: Ozz Electric
Eagle Sponsor: Newport Private Wealth
Birdie Sponsors: Burgundy Asset Management LTD., CIBC, Citi, Linton Family, Mercer, Miele, National Bank Correspondent Network, Norton Rose Fullbright, Orlando Corporation, Pearson, Sim & McBurney

CYCLE 4 ST. JOE’S

Co-Lead Sponsors: Monarch, Spidertech
Route Sponsors: BLG, CIBC, Walled & Deena Soliman
Official Bike Sponsor: Racer Sportif
Supporting Sponsors: Govan Brown, Sun Life Financial
Friends of the Ride: Cleveland Clinic Canada, Tribe Medical Group, Metroland Media

TORONTO WEST HALLOWEEN FEST

Lead Sponsor: Scotiabank
Major Sponsors: City, Humberview Chevrolet, Metroland Media, Miele, MPH
Official Sponsors: HJC, LEGO, Maverick, Pizza Pizza, Liam Sharp, Christine Simpson
Supporting Sponsors: Baka Gallery Cafe, Bloor West Village BIA, Children’s Dental Centre, Green Apple Kids, Level 5 Strategy Group

SHARE YOUR LIGHT

Presenting Sponsor: Scotiabank
Holiday Sponsor: Cineplex Media

IN THE COMMUNITY

The Foundation was also front and centre at community events, such as the community fall festivals, and opportunities to reach out within our neighbourhoods at CARP events, malls, BIA events and through social media.

HOW YOU CAN HELP

St. Joseph’s Health Centre is laying the groundwork for how our caring and knowledgeable doctors and staff will care for you and your neighbours now and into the future – how together we will improve the health of our community.

With your help, we will build an even better St. Joe’s for the 500,000 people living in our west-end community.

It takes all of us – neighbours helping neighbours – to make St. Joe’s the best it can be for everyone who turns to our local health centre for care. Communities are built by people who believe in helping other people. This is the time for you to help your neighbour by supporting care in our west-end community. St. Joe’s is always here for you, your family and neighbours.

There are many ways you can make a difference.

Here is a snapshot of just some of the priorities this year to help care for our friends and neighbours:

- New technology to diagnose, stage and perform life-saving interventional procedures
- New equipment for renal care, including a generator for back-up power at the Community Renal Centre
- Modernizing our patient lounges and waiting areas
- Redesigning a new Mental Health Emergency Services Unit in the Emergency Department
- Expanding oncology care
- Reimagining our palliative care program
- Purchasing a paediatric cardiac ultrasound
- Orthopaedic surgery tools
- Blood pressure analyzer
- New beds and mattresses
- …and much more!

Support great care in your west-end community. Make a gift today at foundation.stjoe.on.ca, call us at 416.530.6704 or fill out the form below and return it to:
