03.2003	<i>and then the gears start up again</i>
04.2003	<i>turning over, turning over</i>
05.2003	<i>like a politician losing principles in the face of promotion</i>
06.2003	<i>like wheels on a semi-trailer</i>
07.2003	<i>that would keep on turning even if the road</i>
09.2003	<i>were paved with the bones of small-town tragedy.</i>
10.2003	<i>progress does not stop</i>
11.2003	<i>and we call it progress</i>
12.2003	<i>because it moves in a direction we recognize as forward</i>
01.2004	<i>but who's to say going somewhere</i>
02.2004	<i>is always better than standing still?</i>
03.2004	<i>why is it</i>
04.2004	<i>that without knowing what prize awaits down the road,</i>
05.2004	<i>still, we rush towards it like</i>
06.2004	<i>kids who have just spotted the roller coaster</i>
07.2004	<i>swimmers when the sand is hot and the waves call</i>
08.2004	<i>bear cubs who strayed to far from mom</i>
09.2004	<i>like the future is a promise we still believe in.</i>
10.2004	<i>i don't dream of rocket ships anymore</i>
11.2004	<i>of perfect escape to a colony on mars where we rebuild earth towns</i>
12.2004	<i>and play piano in the red light.</i>
01.2005	<i>i just watch for gaps between the gears</i>
02.2005	<i>and try to believe that someday they stop</i>
03.2005	<i>and that a person can make it there intact.</i>

Why

to rage, oh rage against the dying of the
light we are all light, stardust to the
core there's no on else to illuminate the
situation and we must do something
before forced to reap what we have
sown.
